## SATURDAY, MARCH 27 2021

[ ALTERNATIVE & RAINDATES: APRIL 10 & 17 ]

With your partnership, United to Learn will plan and execute 39 improvement projects across Dallas ISD elementary schools. Research shows that aging buildings, outdated technology, and non-aspirational classrooms have negative effects on student learning.

These transformational projects provide needed updates and resources to assist our schools in developing 21st century learners who are prepared to learn and lead!
